

QUALITY AND FOOD SAFETY POLICY

Hungrana Ltd is a producer of high quality food, fodder and fuel alcohol products, and is a reliable supplier to the customers in the food industry, fodder industry and to other industrial users.

The management of Hungrana Ltd. is committed:

- *to preserve the economic position of the Company,*
- *to extend the established and applied quality and food safety policy to all the Company's activities, to set quality objectives and to continuously improve its activities that meet the current needs of the partners,*
- *to comply with and enforce the laws and other requirements affecting and regulating the activities of the Company,*
- *to create and maintain high quality products and services that meet growing market demands and expectations.*

The raw material of Hungrana Ltd.'s products is exclusively corn, which is free of genetic modification, and its traceability and documentation is ensured.

Hungrana Ltd. strives to establish a long-term relationship with the suppliers and commercial partners of the raw material, through which it can increase the trust and satisfaction of the Company's customers and all organizations related to the Company.

The results coupled with disciplined teamwork ensure constant development for Hungrana Ltd.

Our mission in the field of quality is **maximum customer satisfaction**.

The Company ensures the continuous development of the equipment and the working environment, supports the professional development of the employees in order to sustainably improve the efficiency of the system.

The primary goal of the development, maintenance and continuous review of the quality management and food safety system is to supply all partners of Hungrana Ltd. with high quality products by the agreed deadline. It also aims to ensure that any complaints and customer signals are handled quickly and efficiently in all cases, and that effective preventive and corrective measures are taken at all times.

The employees of Hungrana Ltd. are familiar with the Company's quality policy and food safety regulations, and their activities are in line with all its aspirations. The rules and operation of the quality management and food safety system are reviewed by Hungrana Ltd. every year in order to always provide the highest possible quality of service.

Hungrana Ltd. is continuously working on the development of the quality of the produced products by operating the quality management systems according to the **MSZ EN ISO 9001: 2015** standard, the food safety management and HACCP systems according to the **MSZ EN ISO 22000: 2018**, **BRC 8** standards.
